**Product Name:** DIESEL FUEL ANTI-GEL WITH CONDITIONER & CETANE BOOST

**MSDS No.:** M6940

### I. Basic Information:

<table>
<thead>
<tr>
<th>Manufacturer</th>

<tr>
<td>City, ST Zip</td>
<td>Emergency Contact: Rocky Mountain Poison Control Center</td>
</tr>
<tr>
<td>Country</td>
<td>Emergency Telephone Number: 303-623-5716</td>
</tr>
</tbody>
</table>

**Product Name:** DIESEL FUEL ANTI-GEL WITH CONDITIONER & CETANE BOOST

**Issue Date:** 02/05/2009

**Supersedes Date:** 09/24/2008

### II. Hazards Identification:

**EMERGENCY OVERVIEW**

Danger: Harmful or Fatal if Swallowed, Eye and Skin Irritant, Combustible.

**OSHA Regulatory Status**

This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

**Potential Health Effects**

**Route(s) of Entry:**

Absorption, Inhalation, and Ingestion.

**Health Hazards (Acute and Chronic):**

May cause chronic health effects. Target organs: central nervous system, blood, eye, heart, kidney, and liver.

**Signs and Symptoms:**

- Eye Contact: Irritant. Prolonged contact may cause conjunctivitis.
- Skin Contact: Irritant. Defatting of tissue, dermatitis may occur.
- Inhalation: Irritant to mucous membranes. Repeated exposure may cause narcosis.
- Ingestion: HARMFUL OR FATAL IF SWALLOWED. May cause burns to mouth, throat & stomach.

**Medical Conditions Generally Aggravated by Exposure:**

None Known

**Other Health Warnings:**

Vomiting and subsequent aspiration into the lungs may lead to chemical pneumonia and pulmonary edema which is a potentially fatal condition.

### III. Composition/Information on Ingredients:

</table>
IV. First Aid Measures:

Emergency and First Aid Procedures:
Eye Contact: Flush eyes with clean water for 15 minutes while lifting eyelids. Get prompt medical attention.
Skin Contact: Wash with soap and water thoroughly. If adverse effects persist, get prompt medical attention. Launder contaminated clothing before reuse.
Inhalation: Remove to fresh air. If breathing becomes difficult get prompt medical attention.
Ingestion: DO NOT INDUCE VOMITING! Call Poison Control Center, physician, or hospital emergency room immediately.

Note to Physicians:
N/E

V. Fire Fighting Measures:

Suitable Extinguishing Media:
Water Fog, Foam, Carbon Dioxide, Dry Chemical

Unsuitable Extinguishing Media:
Do not use forced water stream as this could cause the fire to spread.

Products of Combustion:
Toxic fumes, gases or vapors may evolve on burning. Vapors may be heavier that air and may travel along the ground to a distant ignition source and flash back. Toxic nitrogen oxides may evolve when burning. The alkyl nitrate contained in this product may undergo a self-accelerating exothermic reaction if heated above 212°F. Smoke, carbon monoxide, carbon dioxide, aldehydes and other products of incomplete combustion.

Protection of Firefighters:
Wear self-contained positive pressure breathing apparatus and protective clothes. Use shield to protect from rupturing and venting containers. At elevated temperatures containers may vent, rupture or burst, even violently

VI. Accidental Release Measures:

Personal Precautions:
Persons not wearing protective equipment should be excluded from area of spill until clean-up has been completed.

Environmental Precautions:
Prevent run-off to sewers, streams, or other bodies of water. If run-off occurs, notify proper authorities as required that a spill has occurred. Run off to sewer may create fire or explosion hazard.

Methods for Containment:
Dike or contain spill and absorb with inert materials (sand, sawdust, absorbent sweeping compounds, rags, etc).

Methods for Cleanup:
Using a non-metallic scoop, place contaminated material into an approved chemical waste container. Where possible, vacuum spilled liquid using an explosion proof vacuum to recover material.

Other Information:
Revert run-off to sewers, streams, or other bodies of water. If run-off occurs, notify proper authorities as required that a spill has occurred.

VII. Handling and Storage:

Handling Precautions:
Handling: Use with adequate ventilation and proper protective equipment. Wear safety glasses and gloves. Wash thoroughly after handling. Use good hygiene practices.

Storage Precautions:
Storage: Store in cool, dry area, away from oxidizing agents, sources of ignition, and heat. Keep containers closed when not in use.

VIII. Exposure Controls/Personal Protection:
Product Name: DIESEL FUEL ANTI-GEL WITH CONDITIONER & CETANE BOOST

MSDS No.: M6940

Engineering Controls:
See above for applicable exposure limits. Maintain adequate ventilation. Avoid breathing vapors. In restricted areas, use approved chemical/mechanical filters designed to remove a combination of particles and vapor. In confined areas, use approved air line type respirator or hood. A self-contained breathing apparatus is required for vapor concentrations above TLV limits.

Personal Protective Equipment:
For prolonged exposure wear protective safety glasses, gloves, apron and respirator.

X. Stability and Reactivity:

Stability:
Material can become unstable at elevated temperatures and pressures.

Conditions to Avoid:
See Incompatible Materials below

Incompatible Materials:
Strong oxidizing agents

Hazardous Decomposition Products:
Smoke, carbon monoxide, carbon dioxide, aldehydes and other products of incomplete combustion.

Possibility of Hazardous Reactions:
Will not occur
**Product Name:** DIESEL FUEL ANTI-GEL WITH CONDITIONER & CETANE BOOST  
**MSDS No.:** M6940

**XI. Toxicological Information:**

N/D

**XII. Ecological Information:**

Marine Pollutant

**XIII. Disposal Considerations:**

DISPOSAL: This container may be recycled in a recycling centers when empty. Before offering for recycling, empty the can or bottle by using the product according to the label. If recycling is not available, wrap the container and discard in the trash. Dispose of unused product in accordance with all local, state government and federal laws and regulations.

**XIV. Transport Information:**

**Shipping Name:** Not Available  
**DOT Hazard Class:** Not Available  
**UN/NA:** Not Available  
**DOT Subsidiary Hazard Class:** Not Available  
**Packing Group:** Not Available

**Transportation Information:**

DOT Shipping Name: Not DOT regulated.  
DOT Hazard Class: None  
The DOT description is provided to assist in the proper shipping classification of this product and may not be suitable for all shipping purposes.

**ICAO/IATA (US):**  
UN number: UN1268  
DOT Shipping Name: Petroleum Products, n.o.s. (Mineral spirits)
