

Material Safety Data Sheet

Print Date: 10/27/2008

Revision Number: 0

1. PRODUCT AND COMPANY IDENTIFICATION

Product name: Airwick® Electrical Scented Oil and Airwick® Lumin Air® Flameless Candle.

Validation Date: 10/27/2008

Product Description: Electrical air freshener Scented oil consisting of a proprietary approximately 100% fragrance concentrate. This scented oil can be used in both the plug-in air freshener warmer units and the Airwick® Lumin Air® Flameless Candle.

Item Number:

Green Apple and Honeysuckle	0072771
Lavender	0072768

2. COMPOSITION/INFORMATION ON INGREDIENTS

Exposure limits

Components	CAS-No	Weight %	ACGIH:	OSHA:
Proprietary Fragrance	00-00-0	90 - 100%		None

3. HAZARDS IDENTIFICATION

Emergency Overview

- CAUTION: EYE AND SKIN IRRITANT
- Prolonged or frequently repeated skin contact may cause an allergic reaction in some individuals.
 - Avoid contact with eyes, skin and clothing
 - DO NOT ingest
- IF SWALLOWED, DO NOT INDUCE VOMITTING. Call a physician or Poison Control Centre immediately. Contains fragrance oils. Wash hands after handling.
 - Contains fragrance oils.

KEEP OUT OF REACH OF CHILDREN

4. FIRST AID MEASURES

Inhalation:	Move to fresh air.
Skin contact:	Wash off immediately with soap and plenty of water.
Ingestion:	Do not induce vomiting Call a physician or Poison Control Centre immediately Never give anything by mouth to an unconscious person
Eye contact:	In case of eye contact, hold eyes open and IMMEDIATELY rinse eyes thoroughly with plenty of water. Remove any contact lenses and continue rinsing for at least 15 minutes. If irritation persists, consult a physician.
Notes to physician:	Contains 100% fragrance oils.
Aggravated Medical Conditions:	No information available.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media:	Dry powder. carbon dioxide (CO2) water spray, mist or foam alcohol-resistant foam
Extinguishing media which must not be used for safety reasons:	Not applicable.
Specific hazards:	Combustible material. Keep away from extreme heat, sparks or open flame.
Unusual hazards:	None known.
Special protective equipment for firefighters:	Wear self contained breathing apparatus for fire fighting if necessary.
Specific methods:	Standard procedure for chemical fires.
Autoignition temperature:	No information available.
Flammability Limits in Air: - lower - upper	No information available No information available

6. ACCIDENTAL RELEASE MEASURES

Personal precautions:	Ensure adequate ventilation. Remove all sources of ignition. Avoid contact with skin. Avoid inhalation of vapour.
------------------------------	---

Methods for cleaning up:	Small spillages of up to 1 litre (0.26 gallon) may be cleaned up with a mop or an absorbant cloth. Medium spills of up to 5 litres (1.32 gallons) should be absorbed with sand, earth, sawdust or other inert material and transferred to a suitable container for disposal. Dispose of clean up cloths preferably by incineration as some cases of spontaneous combustion of cloths soaked with similar materials have been reported. Large spills: contain using sand or inert powder, and disposal of this should be in accordance with Government Regulations.
Environmental precautions:	Avoid subsoil penetration. Do not contaminate ground-water.

7. HANDLING AND STORAGE

Handling:	CAUTION:EYE AND SKIN IRRITANT. Avoid contact with skin, and eyes. Prolonged or frequently repeated skin contact may cause an allergic response in some individuals. Ensure adequate ventilation.
Safe handling advice:	Avoid contact with skin and eyes. Do not empty into drains. Keep away from heat and sources of ignition.
Storage:	Keep containers tightly closed in a dry, cool and well-ventilated place. KEEP OUT OF REACH OF CHILDREN.
Incompatible products:	Do not store near high heat sources, sparks or open flames.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

-
-
-

Engineering measures to reduce exposure:	Ensure adequate ventilation.
---	------------------------------

Personal protective equipment

Respiratory protection:	Not applicable.
Hand protection:	None required under normal use conditions. Emergency responders should wear impermeable gloves.
Skin and body protection:	Prolonged or frequent skin contact may produce an allergic reaction in some individuals Stop use in case of irritation. Wash skin well with soap and water. Usual safety precautions while handling the product will provide adequate protection against this potential effect Emergency responders should wear impermeable clothing and footwear when responding to a situation where contact with the liquid is possible.
Eye protection:	Not required under normal conditions of use. Emergency responders should wear full eye and face protection. If splashes are likely to occur wear goggles.
Hygiene measures:	Avoid contact with skin, eyes and clothing. Wash off with soap and water.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state:	Liquid
Appearance:	Liquid
Colour:	No information available.
Odour:	Seasonal fresh greens, fir and spruce with spicy clove
pH:	No information available.
Autoignition temperature:	No information available.
Specific Gravity:	0.9388

Vapour pressure:	No information available.
Solubility:	No information available.
VOC Content(%):	No information available.
Flash point:	All products have a flash point greater than 160F
Explosion limits:	
- upper:	no data available.
- lower:	no data available.

10. STABILITY AND REACTIVITY

Stability:	Stable under recommended storage conditions. No decomposition if used as directed.
Polymerization:	Hazardous polymerisation does not occur.
Hazardous decomposition products:	Carbon monoxide. Unidentified carbon compounds may be formed during combustion
Materials to avoid:	Oxidising agents. Acids and bases.
Conditions to avoid:	Do not expose to temperatures above 49°C (120°F).

11. TOXICOLOGICAL INFORMATION

Acute toxicity

Component Information

Product Information

LC50/inhalation/4h/rat =	No information available.
LD50/dermal/rabbit =	No information available.
LD50/oral/rat =	No information available.

Local effects

Skin irritation:	May cause sensitisation by skin contact
Eye irritation:	Irritating to eyes
Inhalation	None expected during normal conditions of use
Ingestion	May be harmful if swallowed. See Section 4 for First Aid instructions.
Sensitisation	May cause sensitisation of susceptible persons by skin contact
Chronic toxicity:	No data is available on the product itself.

Specific effects

Carcinogenic effects:	Not listed as carcinogenic by OSHA, NTP or IARC
Mutagenic effects:	No information available
Reproductive toxicity:	No information available
Target Organ Effects:	No information available

Information is based on data on the components and the toxicology of similar products

12. ECOLOGICAL INFORMATION

Product Information

Mobility: No information available.

Bioaccumulative potential: No information available.

Ecotoxicity effects: no data available.

Aquatic toxicity: No information available.

Component Information

Proprietary Fragrance

Ecotoxicity: No test data on the actual product

Other information

Ozone depletion potential; ODP; (R-11 = 1) = No information available.

Global warming potential (GWP) = No information available.

Additional ecological information: Information given is based on data on the components and the ecotoxicology of similar products.

13. DISPOSAL CONSIDERATIONS

Waste from residues / unused products: Empty liquid container can be discarded in the trash or recycled where appropriate. Bulk Quantities: Dispose of in accordance with local regulations

Contaminated packaging: Dispose of as household waste.
